# MEANWHILE/WHICH OF KNIGHT DETECTIVE'S VILLAINS CAN YOU ELIMINATE?

He Who Sees All - Is eliminated by what Tod Rocha tells you in the rescheduling unlock.

"He Who Sees All never uses words starting with the letter F, both in talking and writing."

The killer uses the words "for" and "face" in the note on the back of the comic book. So it can't be someone personifying He Who Sees All.

Morgana- Is eliminated by what Tod Rocha tells you in the rescheduling unlock.

"Morgana hates the sight of blood, and it's the main reason she kills using her magic." The latest victim was killed with a knife, which is a bloody way to kill someone.

Rex Draconic- Is eliminated by what Shaina tells you in her unlock.

"My boss's favorite is the dragon guy. Apparently, he is all muscle and no brains. You know, the kind of villain that jumps into a crowd and starts punching people. The dragon guy definitely doesn't sneak around. No subtlety at all."

Someone personifying this character would not be sneaking around and hiding.

Mr. Blight- Is eliminated by the message in the Sword Decoder puzzle in the comic book.

"Pain, not death, is given by Blight."

Meaning Mr. Blight does not kill his victims.

## **EXCITING CONCLUSION/WHOSE ALIBI'S CAN YOU CONFIRM?**

Will Bartlett - is eliminated as a suspect in Chris' unlock. Chris mentions, "Yeah, there was this annoying guy who came by shortly after we opened at 8:00. He was in here flirting for more than half an hour. The dude didn't even play any games. He was too busy hitting on any woman in cosplay."

Megan Finely - is eliminated as a suspect in Elias' unlock. Elias mentions, "Oh yeah, you were wanting to know if I saw anyone dressed as The Rook this morning. Let me think about it. I remember there was a girl cosplaying as The Rook. She came in for the 10:00 battles and left around 11:00."

Taylor Hughes - is eliminated as a suspect in Stephen's unlock. Stephen mentions, "Yep, here's one. Taylor Hughes came by about 8:20 this morning."

Wayne Bell - is eliminated as a suspect in Chris' unlock. Chris mentions, "One guy kept talking a lot about his cosplay after I complimented it. That was from 10:15 to 10:45. How do I know? Because the dude talked for that long about himself, his cosplay, his cats, you name it, and I must have checked my watch about a hundred times hoping he would take the hint."

Ellis Sanders - is eliminated as a suspect in Chris' unlock. Chris mentions, "Oh, and there was a person before that that I thought was The Rook, but then I realized it was Crow Lad since he had a big feather in the middle of his head. I only know that because my kid watches a ton of Miss Kitty."

# WHERE IS THE ROOK

Solution:  
In Your Car

Since the killer thinks you are Knight Detective, this would mean Knight Detective's car, which is called the Crime Cruiser. You get this from the brochure.

Password: crimecruiser

# TIME BOMB

Remember that the killer thinks he is really the Rook.

Numbers are:

- 2 - The Rook's two kids are the most important thing to him
- 4 - Has shown up in the comic only four times
- 5 - The bomb is described as able to destroy five city blocks in the comic book
- 7 - In the comic book, Knight Detective says the bomb uses element K7RX
- 9 - The Rook's real name is Samuel Nightwood.

You get the order from the message with the bomb in the comic book.
