DALE/BALLOON POP

Solution:

First two darts are for red(3) and blue(7)

next is green(4)

Finally yellow(9)

$$3+7 = 10$$

$$10 \times 4 = 40$$

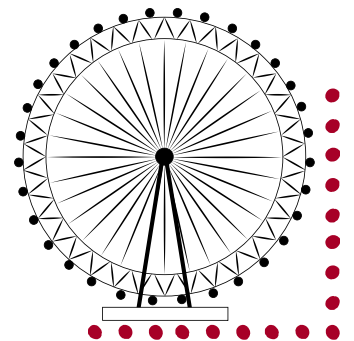

$$40-9=31$$

SUSPECT ELIMINATIONS

Solution:

Kirsten Reither is eliminated by the note you find in the safe.

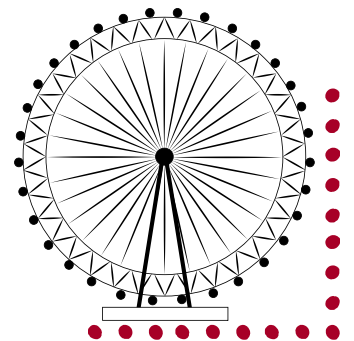

Toni Baker is eliminated by the coded note you find in Melvin's trailer.

Jen Pie is eliminated by the shoe prints you find at the location where Ezekiel hid his stolen goods.

Amber McBride is eliminated by the information you learn from Lancaster's unlock. She can't lift her arms above her head, which would make it impossible for her to kill someone with a sledgehammer in one blow.

Jackie Rea is eliminated in Adan's unlock.

Greg Pittman is eliminated in Calum's unlock.
