GAIN ACCESS TO HAUNT HOUSE

Pull the letters that have spiders and get the message: use word turnip

MATCH UP WHICH ACTORS GO WITH WHICH HAUNT HOUSE ROLES

Two Names That Aren't Part of Haunt House: Jakob Contreras and Gabrielle Solomon. You can deduce this because the nine photos on Charnel's website all tie to the other 9 names in some way, leaving these two.

Chainsaw Maniac-Anthony Silva. Silva is a truck driver. On his site, Charnel has an image of a semi truck featuring a chainsaw image. He fits all the other criteria.

Clown-Brodie Holland. *See logic for werewolf casting below.

Zombie-Dulcie Richmond. One of the requirements for zombie is that they must be willing to be put into a coffin and aren't claustrophobic. Dulcie was a contortionist. The image on Mr. Charnel's site shows a contortionist inside of a box. She fits the other criteria.

Vampire-Courtney Holt. Flo from the ticket booth talks about how pale the actress is who uses fake tanner. Courtney uses Tropic Sun and fits all of the other requirements.

Ghoul- Demi Elliott. The photo of a lady with chains is tied to Demi. She is a former magician's assistant. The chains also connect her to the ghoul. She meets the right requirements for the job and doesn't fit other roles, which makes her the ghoul.

Werewolf-Dominik Hartman. After the chainsaw maniac and demon have been assigned to their actors based on height, since they are the only ones tall enough to play them, the clown and the werewolf are up for grabs and should be between Brodie Holland and Dominik Hartman. The requirement for the werewolf is age 30-50. Brodie Holland isn't old enough to play the werewolf which means Hartman has to be the werewolf.

Witch-Marion Duffy. Marion is the only woman who fits the correct age for the witch. The witch must be able to function in a smoky environment. It is also mentioned that she played Lady Macbeth. On Charnel's site, there is an image of Lady Macbeth surrounded by smoke. Everything connects her to the witch.

Demon-Henri Martinez. The demon and the chainsaw maniac are the two tallest characters in the cast. Only Anthony Silva and Henri Martinez are tall enough to play them. Flo at the ticket booth tells you that the logger would be the logical choice for the chainsaw maniac, but then tells you that isn't how it was cast. Since Henri is the logger and isn't the chainsaw maniac, he has to be the demon.

Cultist-Blake Gordon. The cultist can be any body size and is shown as a dark figure wearing a hood. We are told that Blake Gordon weighs over 300 lbs. The photo on Charnel's site shows an overweight man wearing a hood.

Slim Reaper-Barrett Conrad (victim). You are told this.

FOUR COLUMNS

1. See previous slide for answers to suspects and the roles they play.
2. Nine Circles Info is listed further along in the next to last slide.

ONLINE SEARCH FOR THE MURDER WEAPON

TEXT BASED ON A VISION FROM THE KILLER'S WALLET

Solution: "The third haunt house partner was deceived. The maniac was guilty of heresy. The demon is left-handed."

This eliminates the demon because you are told by Flo at the ticket booth that the killer is right-handed.

PAPER WITH NUMBERS FOUND IN VICTIM'S WALLET

Solution: "The funny one and the wolf hate the sight of blood."

This eliminates the clown and the werewolf.

CODE BENEATH ART/WHERE DID THE KILLER HIDE...

Solution: behind the fog machine

SUSPECT ELIMINATION

Jakob Contreras and Gabrielle Solomon don't work at Haunt House, so neither of them is the killer.

Demi Elliott(Ghoul) - In the unlock about which two suspects are not employees, you are told by Jakob that Demi had a crush on Barrett, so she is not the killer.

Anthony Silva(Chainsaw Maniac) - The video reveals that this was one of the three people who were not there for the run-through.

Courtney Holt(Vampire) - The video reveals that this was one of the three people who were not there for the run-through.

Dulcie Richmond(Zombie) - The video reveals that this was one of the three people who were not there for the run-through.

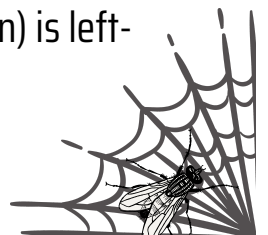

Brodie Holland(Clown) - The message you get from the paper with the number and the Puzzle of Flesh story eliminates this person.

Dominik Hartman(Werewolf) - The message you get from the paper with the number and the Puzzle of Flesh story eliminates this person.

Marion Duffy(Witch) - In the computer search unlock, Roger refers to the person who bought the murder weapon as "he," so you know the killer is not a woman.

Henri Martinez(Demon) - The wallet puzzle reveals that Henri(the demon) is left-handed, and you are told by Flo that the killer is right-handed.
