Eleanor - Snow White

Natalia - Snow White

# SUSPECT ELIMINATION

You will need to have solved all the puzzles in order to figure out which suspects to eliminate.

Start by reading through the profile for the Pied Piper.

If you read all of the suspect cards, there is one suspect that should stand out as not matching the profile of the Piper that says, “This would most likely be done through underhanded means since they are also the type to avoid a face-to-face confrontation.” With this, you can eliminate Cleo since she is stated to be “...abrasive. At least you know where you stand with her. If she has a problem with you, she will tell you.”

You can eliminate a suspect after unlocking the old man’s info and listening to the conversation of the two women gossiping. You will need to figure out which Princess is which. Then, use the statement from the profile, “The Piper is clearly self-absorbed, bordering on narcissistic. She is the type who always puts her needs and wants above others.” to eliminate a suspect.

This will let you eliminate Natalia since she is the blonde snow white, who was said to be a people pleaser by the two gossiping women.

Use the statement, “The Piper has an extreme need to be in control.” and the dance floor unlock to eliminate a suspect. This eliminates Kira since she is the only one willing to follow.

Use the statement, “The Piper is the type of person who is rigid in mindset and has trouble adapting. She would react poorly to unexpected changes...” with the Red Riding Hood unlock to eliminate a suspect. This eliminates Eleanor since she is the only one who clearly doesn’t react poorly to the unexpected gift.
