Eliminations:

Ruth - In CJ's unlock, he mentions that Ruth never came by his booth during the festival. Since you know the informant did go by CJ's booth (look back at the Beginning Brief), you can eliminate her as a suspect.

Stephen - He doesn't like blueberry chili. Read what Officer Ryan wrote about him on his card. This fact, along with the note you find with the Barry Blue costume, will eliminate Stephen.

Allison - You can eliminate her when you get the bird puzzle unlocked. Allison took care of Edmondson III during the festival and mentioned to the bird that the only thing she liked at the fairgrounds was the Picture Zoo, which is not one of the places the informant mentioned going.
