

# STALK Micro #1 (The Gavel) - Hint Files

# Anna's Puzzle

1. As mentioned by Anna, you will need to use the page from Grimm's Fairytales and the notes she made together.
2. Each word on her list can be found only once in the excerpt.
3. You will need to find the word and then count letters after the word equal to the number given. Use the letters you land on. The message starts with "Cal..."

# Mikey's Puzzle

1. Mikey's thermal images of the gavel all have seemingly random letters around it but pay attention to their spacing. All four images will be used to give you a message.
2. The letters are scattered over the four images. You will need to figure out which is the furthest left and move around the photos until you uncover the full message.
3. The message starts with "I am no..."

# Cedric's Puzzle

1. You will need to view the three images Cedric captured of the alphabet card.
2. There are orbs over different letters in all three images, but some are over the same letters in every picture.
3. Make note of which letters have an orb in all three photos. Note it is a 6-letter word. Once you have the letters, you will need to unscramble them.

# Lisa's Puzzle

1. You will need to scan and watch the video that accompanies Lisa's EVP.
2. The sounds you hear correspond to the items on the shelf with writing on them.
3. For each sound heard, you will go over that many letters on the item. So the first letter you will get is "F".
