Use day 1, day 4, day 5, and day 8 since these are the days that match with the fruitcakes from the napkin.

Day 1 = 1 gift

Day 4 = 10 gifts

Day 5 = 15 gifts

Day 8 = 36 gifts

So you get the numbers 1,10,15,36. Seven digits in total which you would use for the seven digit lock.
