DIGITAL RECORDER (FOURTH FLOOR)

Solution:

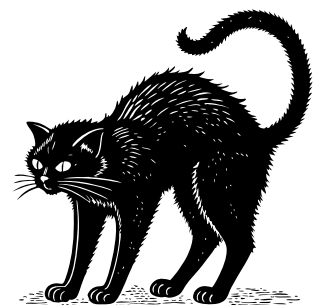

We kicked this segment off with “**Two** Princes” from the Spin Doctors, and “Summer of ‘**69**” from Bryan Adams followed by “I’m **Eighteen**” from the rock legend Alice Cooper!

I recently saw Alice Cooper perform live the song that you just heard and can I say he is as good as he was 30 years ago! Up next will be a song from one of my favorites, Ms. Stevie Nicks. You’re experiencing the seven song stretch at seven, on “The Morning Riff with Chris Spencer on 99.9... The Beast!”

We’ll have The White Stripes close out this segment with “**Seven** Nation Army.” You just heard “Edge of **Seventeen**” from Stevie Nicks. Next is “**Eight** Days A Week” from The Beatles followed by “Love Me **Two** Times” from one groovy dude Jim Morrison with The Doors.

FOURTH FLOOR PASSWORD = 2691817827

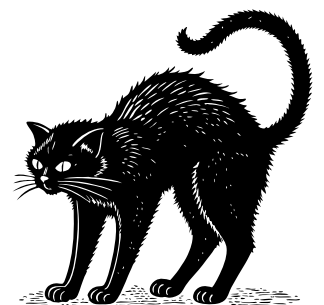

*Note: While the 7 comes earlier in the recording, it is closing out the segment so it will be last.
