3. If you are having trouble figuring it out, look at the table below to see where some of the people should be placed.

PAINTING/GABE

1. Use what Gabe found with the paintings. The things mentioned are things you can find in the paintings.
2. Each line of words will create a letter if you trace as you move from one painting to the next.
3. The first letter you get is the letter "N"

SHOPPING LIST/FRUITS

1. Use the letters Heather mentions with the fruit they go with.
2. From there, you should be able to start decoding the rest of the message.
3. Example. If you get a three-letter word ending in U, the most likely first two letters are Y and O, forming the word YOU.
4. From there, you can start doing the same for the other fruits.

2. The fact that the clue repeats means you need to start over and use the same trick on each shelf.
3. For the first book, take the first letter from its title; for the second book, take the second letter from its title; etc.
4. The message you get will start with “Not the...”

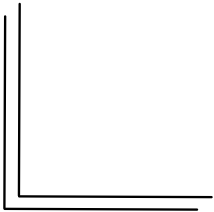

EMILY

1. Look at the words for the things Emily points at. What can you take from them to get a message?
2. You will need to take the first letter of each item Emily points at to get a message.

SOLUTION

1. You need to have solved all the puzzles before you try this.
 2. If you have eliminated the wrong suspect, look over the puzzle answers in the solution files to see which puzzles eliminate which suspects.
