NUMBERS CODE AND STAMPS

1. Use the stamps to translate the numbers on the letters.
2. The images in the stamps each correspond to a different letter in the alphabet. There are no stamps for the letters X or Z.
3. The stamp that costs 70 cents is N for night. The stamp that costs 52 cents is I for iguana.
4. Below are the beginnings for the different numbered messages:

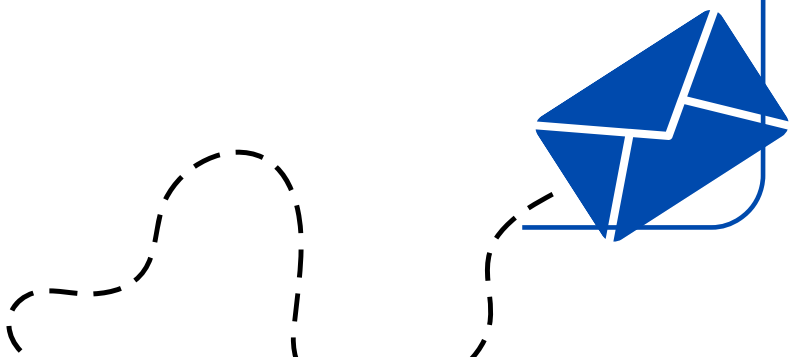

Life Insurance Letter
“Find the...”

Home Security Letter
“The mistakes in...”

Vacation Letter
“Take every letter...”

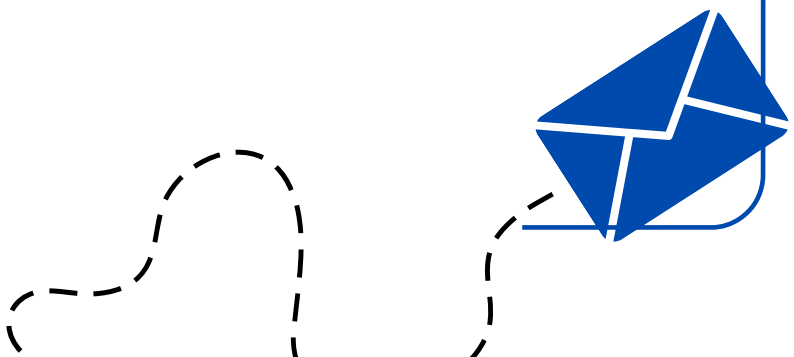

University Letter
“The commas...”

Credit Card Letter
“The interest rates...”

2. Once you have the number code translated, take the words indicated to get the hidden message.
3. The hidden message will start with, “Invest carefully. You…”
4. There are two keywords you will need from this when you talk with Phil.

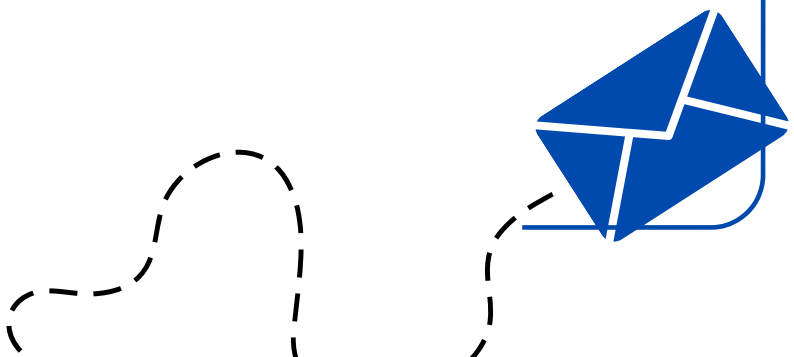

HOME SECURITY

1. You need to translate the number code on this letter to get a clue on how to find the hidden message from this letter.
2. Once you have the number code translated take the letter indicated to get the hidden message.
3. The message is backwards.
4. The hidden message will start with, “I like your plan…”
5. There are three keywords you will need from this when you talk with Phil.

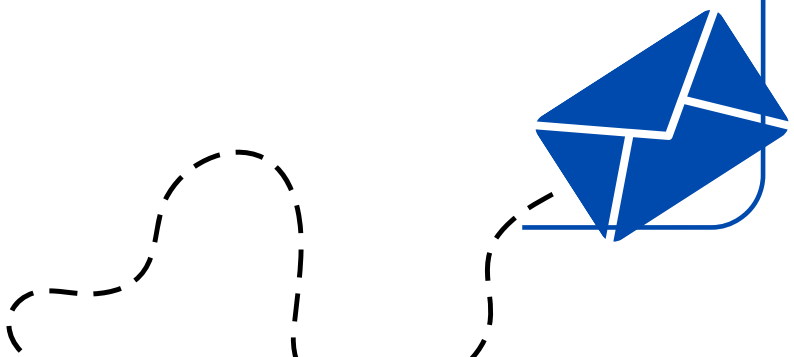

VACATION LETTER

1. You need to translate the number code on this letter to get a clue on how to find the hidden message from this letter.
2. Once you have the number code translated take the letters indicated to get the hidden message.
3. The hidden message will start with, “The payment…”
4. There is one keyword you will need from this when you talk with Phil.

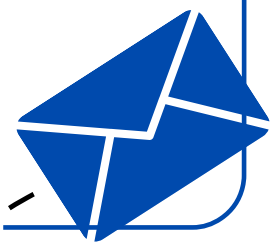

VALLEY FALLS UNIVERSITY LETTER

1. You need to translate the number message on this letter to get a clue on how to find the hidden message from this letter.
2. Once you have the number code translated take the words indicated to get the hidden message.
3. The hidden message will start with, “We need to be…”
4. There is one keyword you will need from this when you talk with Phil.

CREDIT CARD

1. You need to translate the number message on this letter to get a clue on how to find the hidden message from this letter.
2. Once you have the number code translated take the words indicated to get the hidden message.
3. The numbers go line-word.
4. The hidden message will start with, “The product is in…”
5. There is one keyword you will need from this when you talk with Phil.

PHIL

1. You need to have found all five of the hidden messages from the letters before you can do this.
2. Look at the crime scene report to know which letter goes with which suspect.

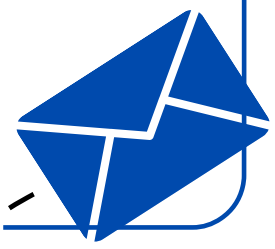

First Password (the letter addressed to Don Roberts):
Use one word to sum up what the message is about.

Second Password (the letter addressed to Zeke Wilson):
Use one word to sum up what the message is about.

Third Password (letter addressed to Selena Rivera):
Use one word to sum up what the message is about.

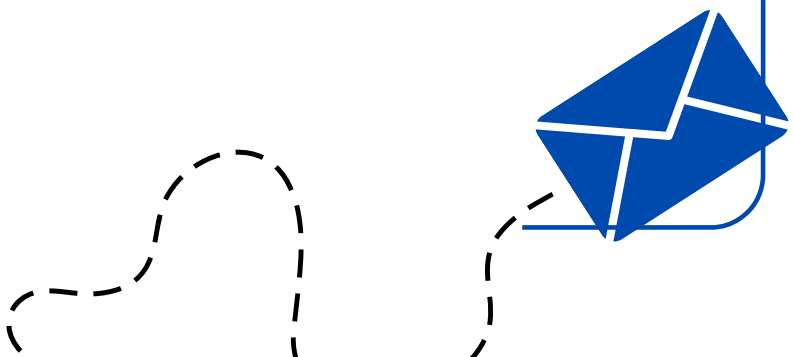

Fourth Password (the letter addressed to Liam Green):
Use two words to sum up what the message is about.

Fifth Password (letter addressed to Matilda King):
Use three words to sum up what the message is about.

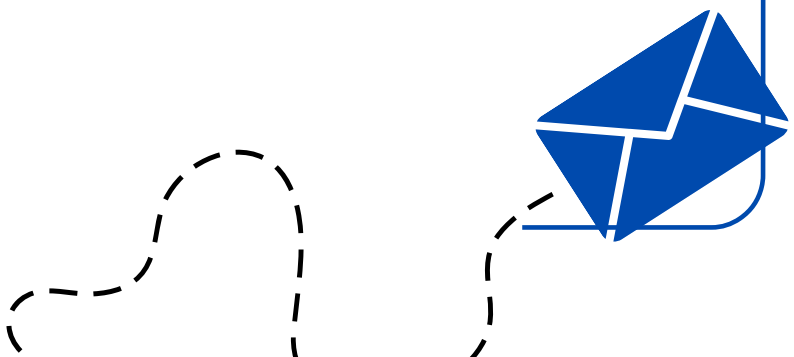

PAPER PHIL FINDS

1. In the unlock it shows that Phil found a paper.
2. You need to complete each common phrase to determine what you PO Boxes you can eliminate.
3. The first one is Even Steven.

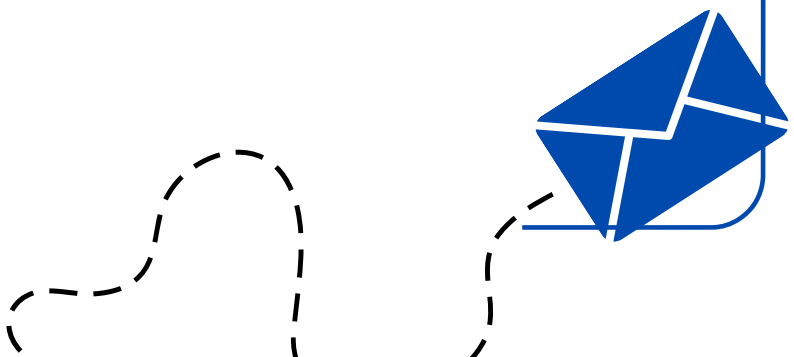

PO BOXES

1. After completing the phrases Officer Phil finds, you will know which boxes you can eliminate.
2. All boxes will be eliminated based on their box numbers.

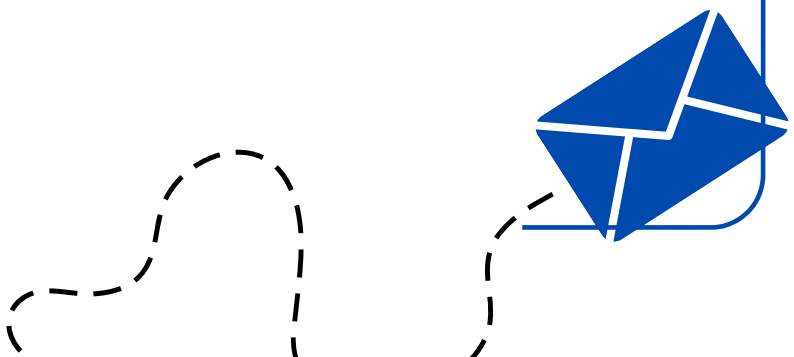

CHANGE OF ADDRESS/POST CARD

1. You need to have unlocked the PO Box before you can do this puzzle.
2. Use the change of address form with the post card you find in the PO Box.
3. You will change, some of the time, the letters in the message that match the one in the old address to the ones in the new address.
4. Remember some times the letters do not change.
5. The message will translate to “Look under the…”

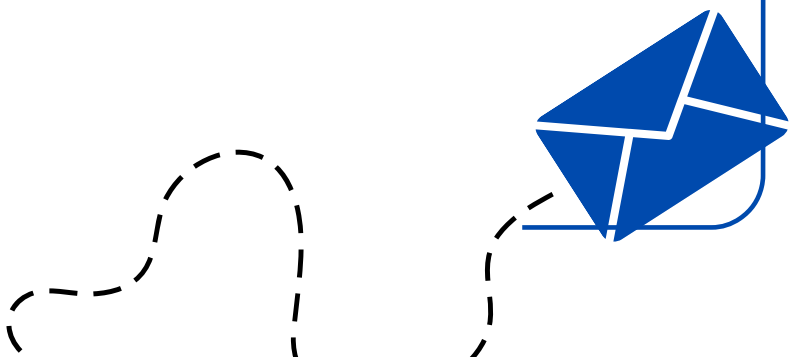

WHERE DO YOU SEARCH?

1. You need to have solved the change of address/postcard puzzle before you can answer this question.

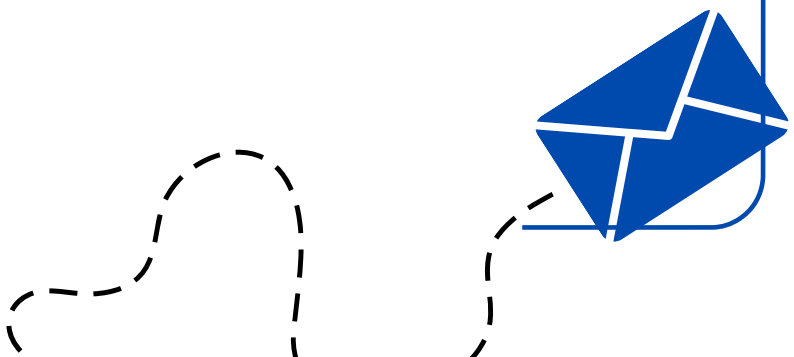

WHAT NAME DID EDWIN QUILL SEE THAT HE RECOGNIZED?

1. Use the name mentioned in the evidence you find to answer this question.

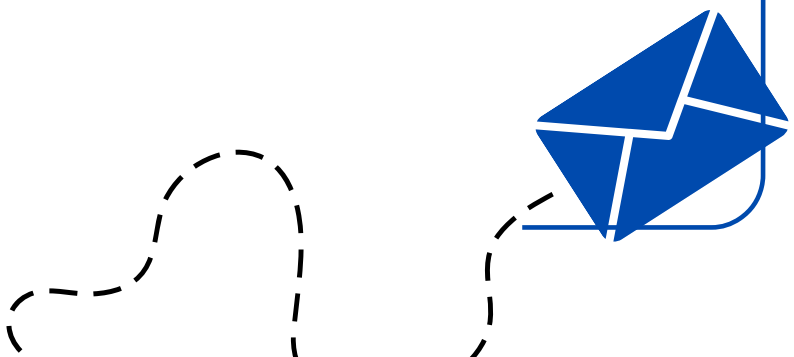

10X11 GRID AND LETTERS

1. Use the letters you get from the previous unlock with the grid Susan finds to get the message.
2. The grid Susan found shows the starting and endding points of the message.
3. The message you get will start with, “I found a position for you...”

SUSPECT ELIMINATION

1. Two suspects are eliminated by what you are told by Phil in his unlock.
2. One suspect is eliminated by learning they have reason to not want Quill dead.
3. One Suspect is eliminated by learning they were getting help from Quill and would lack the motive to want him dead.

WHO IS THE KILLER AND HOW DID YOU ELIMINATE THE OTHER SUSPECTS?

1. You need to have solved all of the puzzle and eliminated four of the suspects before you can do this.
