# VOODOO DOLLS

First row

5

2, 1, 4, 3, 6, ?

The pattern is counting with even and odd numbers switched.

Second Row

10

0, 2, 2, 4, 6, ?

The first two numbers are given, the rest you get by adding the two numbers that came before it together. So,  $0+2=2$ ,  $2+2=4$ ,  $2+4=6$ , and finally,  $4+6 = 10$

Third Row

4

1, 3, 5, 4, 4, ?

Spell out the numbers

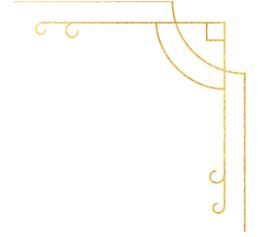

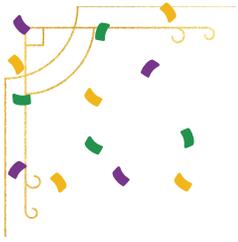

One, three, five, four, four, ?

One is given, the rest describe the number of letters in the number before itself.
