

The Reaper's Pumpkin

HINTS

*One Puzzle Per Page

Table of Contents

Page

2. Write this down
3. Witch & Warlock Ride
4. ID Badge
5. Document scraps #1 - Halloween Party
6. Document scraps #2 - Missing
7. Document scraps #3 - Trick or Treat Budget
8. Which souls are bound to the pumpkin?
9. Wish - "I wish to be rich."
10. Wish - "I wish to heal a loved one who is in bad health."
11. Wish - "I wish to become more attractive."
12. Wish - "I wish to become famous."
13. Wish - "I wish to bring a loved one back from the dead."
14. Wish - "I wish to gain knowledge and know more than anyone in the world."
15. Wish - "I wish to have the ability to teleport."
16. Wish - "I wish to be immortal and live forever."
17. Wish - "I wish to gain three more wishes."
18. Wish - "I wish to have all my dreams come true."

WRITE THIS DOWN

1. "Write" is the clue word here to find what item goes with this puzzle.
2. Notice the pattern on the ink pen. Follow the pattern and pull the letters along the path.
3. This will give you a name from the list, which is one of the souls bound to the pumpkin.

WITCH & WARLOCK RIDE

1. Look at the image. It contains a clue for what item goes with this puzzle.
2. Notice the playing card has arrows and the numbers "1" and "2" with those arrows.
3. How could you use the playing card with the letters on the back of the Witch & Warlock Ride?
4. On the image, there is a string of letters at the bottom. Find the first letter on the back and put the "1" arrow going to that letter. Then, see what letter the "2" arrow points to. Make note of this letter. Continue this process for all letters in the string of letters on the image.
5. This will give you a number that corresponds to a name from the list, which is one of the souls bound to the pumpkin.

ID BADGE

1. Pay attention to where the employee worked. This will give you a clue to what items go with this puzzle.
2. You are told to roll pairs. Using the dice, roll the pairs as instructed. First roll shows Die 1 = 6 and Die = 2
3. Make sure you read closely how the employee told you to look at the pairs.
4. "Roll these pairs as if you were looking up from my grave." This means that instead of showing the 6 and 2 facing up, they need to be facing down. Then, take note of the numbers facing up.
5. Look closely at the front of the ID Badge. You should see a few letters underlined. Once you have the correct numbers on the dice facing up, these letters give you a clue about what to do with those numbers.
6. This will give you a name from the list, which is one of the souls bound to the pumpkin.

DOCUMENT SCRAPS #1 - HALLOWEEN PARTY

1. First, put the scraps together to form a Halloween Party flyer.
2. Have you seen another document that could be used with this flyer? Notice all the dates at the bottom. Besides the list of names and their dates, what other document could connect to this?
3. Notice the track list has dates, and music would go with a party.
4. Notice that some letters in song titles or artist names are underlined. Identify all underlined letters that go with each year. Then, use that information to decode the date cipher at the bottom of the Halloween Party flyer.
5. This will give you a name from the list, which is one of the souls bound to the pumpkin.

DOCUMENT SCRAPS #2 - MISSING FLYER

1. First, put the scraps together to form a Missing flyer.
2. Notice the string of letters under the Missing person's picture.
3. In multiple places in the flyer's text, there are arrows pointing from one letter to another. Use these changes to decode the string of letters under the Missing person's picture. Some letters will stay the same.
4. This will give you a name from the list, which is one of the souls bound to the pumpkin.

DOCUMENT SCRAPS #3 - TRICK OR TREAT BUDGET

1. First, put the scraps together to form the Trick or Treat Budget.
2. What other item could go with this that relates to money?
3. When you look at the price tag, there are five numbers in a row. Then, there is a dollar sign with four question marks. This is to give you a clue that you are looking for four numbers. How could this go with the Trick or Treat Budget?
4. The five numbers on the price tag correspond to specific items on the trick or treat budget. Write down the prices of those specific items, on top of one another, in the order they appear on the price tag. Once you have done this, there is a word in the statement at the bottom of the trick-or-treat budget that tells you how to look at the numbers.
5. You are looking for a pattern down each column of digits in the prices. This is to give you the values for those four question marks on the price tag.
6. This will give you a number that corresponds to a name from the list, which is one of the souls bound to the pumpkin.

WHICH SOULS ARE BOUND TO THE PUMPKIN?

1. You will need to solve the following to get all the names - Write this down, Witch & Warlock Ride, Document Scraps #1 - Halloween Party, Document Scraps #2 - Missing Flyer, Document Scraps #3 - Trick or treat budget.

WISH - "I WISH TO BE RICH."

1. No Reaper puzzle with this to solve.

WISH - “I WISH TO HEAL A LOVED ONE WHO IS IN BAD HEALTH.”

1. No Reaper puzzle with this to solve.

WISH - “I WISH TO BECOME MORE ATTRACTIVE.”

1. Do you like what you see when you look in the mirror? What about when you look at the mirrored halves of the locket?

2. Notice that one half of the locket has numbers and one half of the locket has letters. If you were to close the locket, what letters would correspond to the numbers?

WISH - "I WISH TO BECOME FAMOUS."

1. No Reaper puzzle with this to solve.

WISH - “I WISH TO BRING A LOVED ONE BACK FROM THE DEAD.”

1. No Reaper puzzle with this to solve.

WISH - "I WISH TO GAIN KNOWLEDGE AND KNOW MORE THAN ANYONE IN THE WORLD."

1. Notice the groupings of numbers. How could you apply this to the text?
2. The first number in a grouping corresponds to a line of text. The second number in a grouping corresponds to a number in that line of text.

WISH - “I WISH TO HAVE THE ABILITY TO TELEPORT.”

1. Notice you have groupings of numbers. You also have a grid of Grim Reapers with numbers. How could these two go together?
2. You wished to have the ability to teleport. If you were to teleport from one number in a grouping to the next number and so on, what might your path form?

WISH - “I WISH TO BE IMMORTAL AND LIVE FOREVER.”

1. You have a coded message to decode. Notice the number of letters above the infinity symbol equals the number of letters below the infinity symbol.

2. Some letters above the infinity symbol are the same color as those below the infinity symbol. You have matching gold letters, red letters, and black letters. You also have a gold arrow and a red arrow. The color of the arrows and their direction correspond to which direction to translate the letters above and below the infinity symbol in the encoded message. The letters above and below the infinity symbol that are black don't change.

WISH - “I WISH TO GAIN THREE MORE WISHES.”

1. No Reaper puzzle with this to solve.

WISH - "I WISH TO HAVE ALL MY DREAMS COME TRUE."

1. You have three dream catchers. Do you notice anything different about each of them?
2. The number of feathers on each dream catcher represents the order for the letters below.
3. Once you know how to reorganize the letters, read them from the bottom to the top.
