

Behind The Wall

Quick Start Guide.

So you've looked at everything in the box and have no idea how to start, where to begin, or even what a good first step might be. Maybe this is your first box and you aren't sure how things work. Or maybe things just aren't clicking for you on this particular box. Maybe a few starting hints will blow the case wide open and will be all you need to help solve the mystery.

Beginning the investigation:

1. Read the Beginning Brief
2. Read the document with "Help!" at the top
3. That document gives you two tasks: assign each suspect to the correct house in the neighborhood and then gain access to the root cellar.
4. Reach what Marj says about each suspect and use clues within each description to match them up to the correct symbol on the Where Each Suspect Lives sheet.
5. In her "Help!" letter the second thing Marjorie instructs you to do is access the root cellar. She provides a set of instructions that should be useful.
6. She tells you to "match" things up which points toward the match puzzle.
7. She also tells you that Jack might be able to help (he has additional instructions on how to work this particular puzzle).
8. Use the instructions that Marjorie and Jack provide to determine a numerical combination for the lock that will allow you to access the root cellar.
