

# Indigo House Hints:

\*One Puzzle Per Page

Part of the information needed to solve this box is found online. Make sure to consult the S.T.A.L.K. website at [www.stalkghosthunters.com](http://www.stalkghosthunters.com)

# Stars puzzle

(Paper with purple and Yellow numbers)

1. Listen to Mallory Middleton's audio interview.
2. You should have a sheet with a desk phone. Use the letters on the phone keypad and match them up to the numbers on the puzzle.
3. If the number is by itself with no mark after it, choose the first letter on that key.
4. If the number has a single mark after it, choose the second letter on that key.
5. If the number has two marks after it, choose the third letter on that key and so on.
6. Example: 2' would be B and 5'' would be L
7. This will let you eliminate a suspect.

# Coded Letter in Envelope

1. The photograph of Charles Van Buren has a series of letters at the bottom, XYZ.
2. Those same letters are repeated numerous times in the letter found by Hilda Van Buren's body. Perhaps this is a secret way that her and her husband communicated with each other.
3. Remove all XYZ's from the letter and use everything that is left.

# Sheet Music Puzzle

1. Read the note beneath the sheet music carefully.
2. Take special note of the part that talks about the eighth notes connecting.
3. Look at the puzzle grid and notice the divisions denoted by the bold, black lines.
4. Connect all of the eighth notes in each section to form letters and numbers.
5. Read the complete message.
6. You should get a message about an event with the day and time of the event.
7. This will eliminate a suspect.

# Wooden Floor Puzzle

1. Add the two sections in each pie-shaped segment together.
2. Examine the value of the pie-shaped segment directly across from it.
3. Subtract the smallest from the largest and find the difference.
4. Do this for each pie-shaped segment (example:  $9+3=12$ ,  $11+4=15$ .  $15-12$  is 3).  
Move clockwise around the circle doing this and see the pattern that emerges.
5. Determine the missing number.
6. This will let you eliminate a suspect.

# Mausoleum Puzzle:

1. Examine the pictures on the S.T.A.L.K. website very carefully.
2. One of them has a symbol and a value superimposed on the image.
3. Use that to determine the values of all the symbols.
4. Use the symbol order to give you the proper order of all values.
5. Look closely at the tombstones in the cemetery photo.
6. The water droplet equals 4.

# Cross Puzzle:

1. You have a wall with 4 rows of crosses all turned different ways.
2. You also have a cross with 4 letters on it (DUDL).
3. Each letter corresponds to a direction (up, down, left, right)
4. Find out how many crosses on the first row point down.
5. Repeat with each row and letter.
6. Find a numerical value.
7. Example: None of the crosses are pointed downwards so the first number is 0.
8. If these crosses are being moved by the ghost, what is she trying to tell you?
9. This will let you know the location of the place the murder was planned.

# Stone Puzzle:

1. Based on the symbols found at the mausoleum, it would seem something is hidden there.
2. Once you've unlocked the mausoleum, you will see a gold button. Find the letter that corresponds to each arrow.
3. Small arrows reference letters on the inner circle.
4. Larger arrows reference letters on the outer circle.
5. The message should start with "Blue..."

# What Type of Plant Is The Blue Flower?

1. After you've used the button found inside the mausoleum and the arrows found on the stone of the mausoleum to solve the message, you should have the answer to this question.
2. Use what you unlock here to determine the exact time that Hilda ingested the poison.

# Candle Puzzle:

1. Consult the STALK website and examine the photograph of the candles found in the attic.
2. On the STALK website read what Anna says about the vision she received.
3. Use Anna's directions to match up the correct candles to the letters discovered with ultraviolet light. Go from left to right.
4. Match up all of one type of candle first before moving on to the second and third types.
5. The message will start with "The..."
6. This will let you eliminate a suspect.

# Final Solution:

1. The solution card asks you for the first name of the killer and the room in the house where the murder was planned.
2. To obtain this information you will need the number you gained from the cross puzzle (used in conjunction with the DUDL card). The number you get from this puzzle will correspond to one of the locations on the Valley Falls Historical Society document that lists The Rooms of Indigo House.
3. Use the first name of the killer and the room name to unlock the final solution.
