\*One Puzzle Per Page

# Candy Suckers

1. The candy suckers seem to form a pattern. What would the missing spot contain if the pattern was complete?
2. The shape pattern goes Star, Circle, Spiral, Star, Circle, Spiral...etc.
3. The number pattern seems to increase by 1 for the ones underlined with blue and decrease by 1 for the ones underlined with red.
4. This will let you eliminate a suspect. If you think about what the answer is referring to, maybe reviewing some of the other evidence will help you make the connection.
5. Look at the reviews for the candy shops and you should be able to figure out who to eliminate as a suspect.

# Sara's Golden Chocolates

1. You have found two pieces of evidence that are from Sara's Golden Chocolates.
2. When you compare the two what is similar between them?
3. There are four shapes on the candy bars that match the four shapes on the candy names circle.
4. Use the candy bars as the order and pull the bold letters out.
5. Unscramble the four words you get.
6. This will eliminate a suspect

# Fudge Recipe and Shopping List

1. The shopping list mentions baking. If you compare the fudge recipe to the shopping list what do you get?
2. There are some items that are on both the shopping list and the ingredients list.
3. The shopping list mentions keeping things in order. Use the shopping list as the order and pull number from the recipe.
4. You should get four numbers.
5. The shopping list also mentions the words “brief” and “case” this should give you an idea of where to use the four numbers.

# Briefcase Unlock

You need to solve the recipe and shopping list puzzle to unlock the briefcase.

1. The shopping list mentions baking. If you compare the fudge recipe to the shopping list what do you get?
2. There are some items that are on both the shopping list and the ingredients list.
3. The shopping list mentions keeping things in order. Use the shopping list as the order and pull number from the recipe.
4. You should get four numbers.
5. The shopping list also mentions the words “brief” and “case” this would give you an idea of where to use the four numbers.

# Mints

\*You need to get the briefcase opened first.

1. You will need to have all three mints to solve this puzzle.
2. The letters are in the correct order just fill them all in and you will get a three word message.
3. This will let you eliminate a suspect if you use the schedule.

# Assorted Chocolates

\*You need to get the briefcase opened first.

1. Once the briefcase is opened you should be able to get the assorted chocolates in the correct order to get a message.
2. Match the assorted chocolates to the chocolates found in the briefcase to get the letters in the correct order to read the message.
3. This will help you eliminate two suspects.

# Which Shop Unlock

\*You need to solve all of the puzzles up to this point and have eliminated all but one suspect. On the next page is a suspect elimination methods list.

\*WARNING this will contain spoilers!

# Suspect Elimination:

-Sara is eliminated from the chocolate bars and circle with the candy names, which states that "Sara isn't the killer."

-Beatrice is eliminated by the mints puzzle that states " Not October Twelfth" which is the date on the schedule for Valley Falls Candy Kitchen visit.

-Elle and Olivia-Rose are eliminated from the assorted chocolates puzzle which states "It's not one of the bakers."

-Christopher is eliminated by the suckers puzzles because the answer you get is "2 stars." Since there is a slash through it you get "not 2 stars" which is the review Christopher's shop got.
