

The Inheritance Hint Files

*One Puzzle Per Page

Recipe

1. You will need to search the east suite in order to work this puzzle.
2. Check the kitchen to find the clue you need.
3. The message you find on the counter mentions the recipe is as easy as A,B,C, which is a hint that this relates to the alphabet.
4. The message also mentions you should number using the odds.
5. Write out the alphabet and then number the letters using only odd numbers. So A=1, B=3, C=5, etc.
6. The first part of the recipe will read "Cook on..."

Puzzle #1 Family Tree Puzzle

1. You will need to read the information on the back of each of the suspects' cards.
2. Use the family tree to help you see how the different families are grouped.
3. Rebecca's family is "the family that has the mother's name."
4. The family member you can eliminate as a suspect is the youngest in the family of three.

Puzzle #2...Another Unworthy

1. Try to picture what each box would look like if you placed them on top of each other going down.
2. Each column of boxes will form a letter.
3. The first letter is R

Puzzle #3...The Key

You will need to solve puzzle 1 and 2 before you can do this one.

1. Follow the directions on the card marked with keys.
2. If you have solved puzzles 1 and 2 you should get:
lindsayrobcefg hjkmpqtuvw xz
3. Use this to translate the coded message on puzzle number 3.
4. The message will start "A hot head..."

What in the study should you examine?

You will need to solve puzzle number 3 to unlock this.

1. Use the underlined part on the message to unlock the file.

Puzzle #4...Strange Symbols

You will need to have unlocked the “What in the study should you examine?” QR code.

1. On the message you find under the bust you will see symbols that match those found on puzzle number 4.
2. The symbols are above and below each letter they represent.
3. Use this to fill in letters on puzzle number 4. Once you have, you will notice that there are still a few letters missing.
4. Fill in the letters for each symbol so that the message makes sense.
5. The message will start with “Why would the...”

Forensic Unlock

1. You need to have solved the recipe and listened to the whispered conversation from the east suite to unlock this.

Finger Prints

1. Compare the oil from the fingerprint to the list of oil types.
2. Then compare the fingerprint to the list of fingerprints you have for each suspect.
3. This, paired with information found on Stephen's card, will help you eliminate a suspect.

Phone numbers

1. Compare the list of suspects' phone numbers to the call logs you have from the cell tower.
2. Make note of the time.
3. This information, paired with information found on Lindsay's card, will help you eliminate a suspect.

Puzzle #5...Blueprint

You will need to have unlocked the forensic envelope first.

1. Use the information found in puzzle number 5 and the blueprint to find the correct room.
2. The clue about “eliminate the rooms that start with 11, 4, or 7” is referring to a numbered alphabet.
3. So eliminate any rooms that start with K, D, or G.

Puzzle #6...Ice Cream

You will need to have the “Wealth and Fortune” envelope unlocked first.

1. Use the ice cream card with puzzle number 6.
2. Notice that the colors of the rectangles match the colors of the ice cream scoops.
3. Place the card in each rectangle in order of the ice cream scoops.
4. There should be a letter that lines up with the hole on the card.
5. The first letter you get is N

Puzzle #7...A Queen

You will need to have the “Wealth and Fortune” envelope unlocked first.

1. Puzzle number 7 mentions a queen. Do you have an item that would go with that?
2. Pay close attention to the queen on the card.
3. She is holding something in her hand.
4. Use the red lens on the back of the queen’s card.

Puzzle #8...The List and The Photo

1. Have you seen the items in the list on puzzle 8 anywhere?
2. Look carefully at the photo of junk and match the item in the photo to the items on the list.
3. There will be 6 items on the list that do not match with any item in the photo.
4. You will then need to unscramble the letters to get the word you need.

Where is the Medallion Unlock

1. You will need to solve Puzzle number 8.

She Lacks Weight/Newspaper Clippings

1. The newspaper clippings have symbols on them. You need to read the articles to find the values of each symbol.
2. The dollar sign is worth 1. Use that as a starting point.
3. Based on the article, silver is worth 9 dollars. So Silver is 9.
4. You will need to read both of the last two articles to figure out the value of the shield, axe, and eagle.

Who is the thief?

1. Use the underlined word from “Where is the Medallion?” unlock with the thief’s name to unlock this file.
