# “Big” + Ice Cream Unlock

1. Read the dinner conversation and the “Questioning of the Staff” interviews.
2. The information you need is given by Kona and James.

# Spa Unlock

1. Read the dinner conversation and make note of the odd behavior of one of the staff members.
2. Lauren mentions seeing a staff member tapping on door frames. Harrison confirms this and says the person he saw doing this is Chanelle.
3. If you look at the brochure you will see that the cover has a doorway design.
4. Some of the symbols from the doorway on the brochure match the symbols on the spa door.
5. Combine the information about the doorframe tapping, the door frame image on the brochure, and the spa door to solve this puzzle.
6. You are trying to get a 4 letter word.
7. When Chanelle taps the right side bottom **once**, she is tapping the guitar symbol. This symbol is on the spa door with the word “contentment.” Use the **first** letter of this word, which is C.
8. When Chanelle taps the right side top **three times**, she is tapping the beach chair symbol. This symbol is on the spa door with the word “tranquility.” Use the **third** letter of this word, which is A.
9. Now finish the rest to get the word you need to unlock the spa.

# Surf Shack Unlock

You will need to have the spa unlocked first.

1. Read Chanelle's interview. She has the clue you need to unlock the surf shack.
2. Use Chanelle's clue with the beach ball and the towels found in the spa.
3. Match the colors on the beach ball to the towels. The beach ball is the order you need and the number of each color of towels are what is used in the code to unlock the surf shack.
4. If you follow Chanelle's clue on the beach ball "start at white, end on red and around we go." You will start on white(3), then move round the ball to end on red. So the second color you path through is green (2). Keep going to get the rest of the colors/numbers.
5. Hint: (blue isn't used since you end on red and there are no blue towels)

6. Compare the Tropical Balance bowl to the Paradise bowl.
7. If you remove the two mangos from the Tropical Balance you will be left with one pineapple and two coconuts for the total cost of \$6.
