Hero's Super Journey!

531264

You get this by putting this in the order of his journey. Pay special attention to the details about what goes in what order to get the correct combination.

Minotaur Maze

534162

Putting the pieces in order to complete the maze, you'll get the code above.

Simon's Computer/Nomis Quest

bluepotion

You'll get this by reading the message on Simon's computer, then the short fiction piece on paper. When you read the story, you'll notice the ailment you need to treat is treated with the blue potion. So thus, that gives you your answer.

Wizard's Cauldron

To make the enchantment I need the egg bone and fungus

Password: dae

You'll get this by putting the "enchantment" in order.

Claw Machine

68

You'll get this by "nudging" using the reference points given at the bottom of the sheet.

Monster Jump

296

path

1, 2, 3, 4, 10, 11, 17, 16, 22, 21, 15, 14, 20, 26, 27, 28, 29, 30

You'll get this by going in the correct order and then adding all the numbers you stopped on together. All together this equals 296.

Photo Booth

12yc5

Following the instructions with the sheet with number and letter designations, put them in order of events you're told to do. First, remove jams first, then replace low toner left to right, then finally it says to refill empty paper. When you do that, then you'll have what's above.
