3. Use the clouds in the background as reference points and draw out where the birds would be if they were in one photo. Tip: Drawing circles in place of the birds will make it easier to draw and easier to see the letters. You will get two groupings.

[CRIME SCENE 3]

1. Use the film strips to find the third location.
 2. Start at the water tower on Cheshire Rd. Be sure to start in front of the tower and head east, since the west side is closed.
